

FX PRIME BROKERAGE SOLUTIONS

JFD Prime, a world-class FX Prime Brokerage solution provider. We offer single and direct access to all Tier-1 FX liquidity venues to empower your business with unmatched levels of technology, depths of liquidity, speed of execution, professional support with full transparency and trading anonymity at ultra-competitive trading costs.

15 Tier-1 Banks, 17 ECNs, MTFs and non-bank ultra-wide and diverse liquidity pool. 30 single or multi-bank trading platforms of choice. World-class IT infrastructure, high capacity servers (HPC and RAS), Tier-1 colocation hosting (Equinix NY/LD/HK/SG/AMS/LA), ultra-low latency data communications technology (up to 50,000 trades/second). Agency only Direct Market Access (DMA) / Straight Through Processing (STP) execution model, MiFID compliant Post-Trade Transparency, complete trading anonymity, virtually no rejections (FILL or FILL execution). Institutional pricing and core inter-banking spreads (top of the book averaging 0.03 pips on the EUR/USD - London session). **All this in one hassle-free connection. Make it your connection!**
